

Time	Monday 29th May 2017	Tuesday 30th May 2017	Wednesday 31st May 2017	Thursday 1st June 2017				
		Hazard	Experimental models: mind the gap!	Epi and risk				
09:00	Registration	Keynote II Karin S Hougaard: Developmental toxicity of nanomaterials Chairs: Mary Gulumian & Gaku Ichihara	Keynote III Otmar Schmid: Nanomaterial dosimetry in inhalation toxicology Chairs: Ulla Vogel	Keynote IV Paul A Schulte: Occupational risk assessment of nanomaterial exposure Chair: Sally Tinkle				
9:30								
10:00					Coffee break	Coffee break	Coffee break	
10:30					Session 3A Reprotoxicity Flemming Cassee & Karin S Hougaard	Session 3B Toxicity of soluble nanomaterials Hanna Karlsson & Andrea Hartwig	Session 6A In vitro models of toxicity testing Penny Nymark & Martin Roursgaard	Session 6B Work place measurement & modelling Mikka Dal Maso & Ismo K Koponen
11:00								
11:30								
12:00	Lunch	Lunch	Lunch	Session 8A Nanomaterial epidemiology & biomonitoring Enrico Bergamaschi & Anne T Saber	Session 8B Risk assessment & management Wouter Fransman & Keld A Jensen			
12:30				Keynote V Bernd Nowack: Environmental risk assessment of nanomaterials Chairs: Michael Riediker & Anders Baun				
13:00	Keynote I Jun Kanno: Carbon nanotube toxicity Chairs: Kai Savolainen & Ulla Vogel			Thank you and welcome in 2019				
13:30		Session 4A New hazard endpoints of nanomaterial exposure Roel Schins & Peter Møller	Session 4B Ecotoxicity – closing gaps Dana Kühnel & Anders Baun	Session 7A Toxicogenomics and adverse outcome pathways (AOP) as tools for nano-risk assessment Sabina Halappanavar & Sarah S Poulsen	Session 7B Exposure Management Martin Seipenbusch & Christof Asbach			
14:00	Session 1 A Toxicology of carbon nanotubes Jun Kanno & Nicklas R Jacobsen	Session 1B Physic-chemical characterization requirements and methods for grouping and risk assessment Wendel Wohlleben & Rambabu Atluri						
14:30								
15:00								
15:30	Coffee break	Coffee break	Coffee break					
16:00	Session 2A Inhalation toxicity – drivers of toxicity Tobias Stöger & Håkan Wallin	Session 2B Nanomaterial characterization in toxicology Iseult Lynch & Trine Berthing	Session 5A In vivo models of hazard Alison Elder & Kristina B Knudsen	Session 5B Release characterization: from concentrations to quantitative release Kaarle Hämeri & Joonas Koivisto				
16:30					Transport (busses leave 16:30)			
17:00								
17:30								
18:00	Poster session 1	Poster session 2			Social program Kronborg Castle			
18:30					17:45-18:45 Parallel workshop Safe production and use of nanomaterials in the ceramic industry: CERASAFE-project Mar Viana			
19:00								
19:30					Transport (walk to restaurant)			
20:00-23:00	Get together (Konventum)	Dinner (Konventum)			Conference dinner (Marienlyst)
